

# SALEM CITY CLUB

---

## Renewable Energy

Join Salem City Club on **Friday, April 27** as we hear from experts in the field of **renewable energy**. Not only we will hear from the professionals who research and implement these strategies, we will hear also from a local farmer who uses and processes bio-diesel fuel.

Our guest speakers include: **Michael W. Grainey**, Director Department of Energy State of Oregon. Michael will provide us with an overview of what the state is currently doing to expand and encourage the use of renewable energy. **Christopher Dymond**, Solar Energy Specialist, Department of Energy, State of Oregon, will discuss the use of solar energy (yes it is possible in the gray state of Oregon!), and **Jim Gilbert**, a longtime local farm orchardist, will give his first hand experiences of the production and use of bio-diesel fuel.

Following this educational and informative program we are proud to offer our first **“Mini Alternative Energy Fair.”** Several local vendors will exhibit automobiles that are powered by alternative fuels, which lead not only to cleaner air, but quieter streets and greater dependency on home processed energy.

“Renewable Energy” is an ever more compelling topic. Be sure to join us on Friday, April 27<sup>th</sup> as we hear and see for ourselves the differences that can be made locally. For lunch reservations email [nelalind@aol.com](mailto:nelalind@aol.com) or call 503-589-2975 before noon Tuesday, April 24, 2007. The Salem City Club welcomes and encourages the community to join us! *There is no charge to attend program at noon.* Please call in your plans for lunch or attendance, so we will have adequate seating available. Parking is free. Doors open at 11:30 AM. For more information on this program, about costs for different lunch options, and directions to the event, please go to [www.salemcityclub.com](http://www.salemcityclub.com).

When: Friday, April 27, 2007; 11:45 lunch | Noon Program  
Where: Mission Mill Museum, 1313 Mill St. SE, Salem, OR 97301
